IDEAL HALO COMBI 2-ZONE EXTENSION KIT

Extension kit for

Ideal Halo Combi

2-zone extension kit

The Ideal Halo Combi 2-Zone extension kit is an add-on kit for both Halo Combi RF and Halo Combi Wi-Fi.

Turn the Halo Comb RF or Wi-Fi into a 2-Zone system. The Smart Wiring Centre replaces any existing wiring centre to minimise wall space and connects to the boiler wirelessly by a robust Zigbee signal.

With clearly marked connections for zone valves, the Smart Wiring Centre helps simplify system wiring. Whilst the wireless communication keeps fully modulating control over both zones.

EASY TO INSTALL

- Clearly marked connections make wiring simple
- Zigbee wireless control with robust signal to the boiler
- Replaces existing wiring centre, no additional wall space required
- Automatic device setup walk through sequence on power up

EASY TO USE

- 2 years warranty
- Simple to set up service reminders including installer contact details
- Easy problem solving with diagnostics LEDs and Override buttons
- Designed specifically to work with Ideal boilers

EASY TO LIVE WITH

- Compact and contemporary design
- Fully modulating control on both zones

HOW THE KIT WORKS

Features and benefits

- Designed specifically to work with Ideal boilers
- Colour coded and fully labelled connections on the Smart Wiring Centre
- Wireless connection from smart wiring centre to the boiler
- Fully modulating through enhanced load compensation on both zones to reduce energy consumption

Technical Specifications

Product code	222144
Power source	4 x AA alkaline batteries
Wireless communication protocol	Zigbee 3.0
Boiler communication protocol	OpenTherm
Install location	Wall mounted or desk mounted
Trim plate supplied	YES
Desk stand supplied	YES
ERP class	RF - Class V Wi-Fi - Class VI
Boiler Plus	Yes - Enhanced Load Compensation
WEEE	YES
Certification	CE
